The Mignoned Anjela association / The Friends of Anjela's mission is to preserve, share and promote the work of Anjela Duval (1905 -1981), a peasant woman and a great poet from Tregor, who was deeply caring for the land of her ancestors, her rural way of life, her native tongue and her country, Brittany.

With great attention to details and fidelity, this first Breton/French bilingual cartoon titled "ANJELA" gives justice to the poet's wit and spirit, her determination as well as her relevance to these days.

Indeed, Anjela Duval is speaking here with her very own words, words selected from her correspondence, interviews, and of course, her poems themselves.

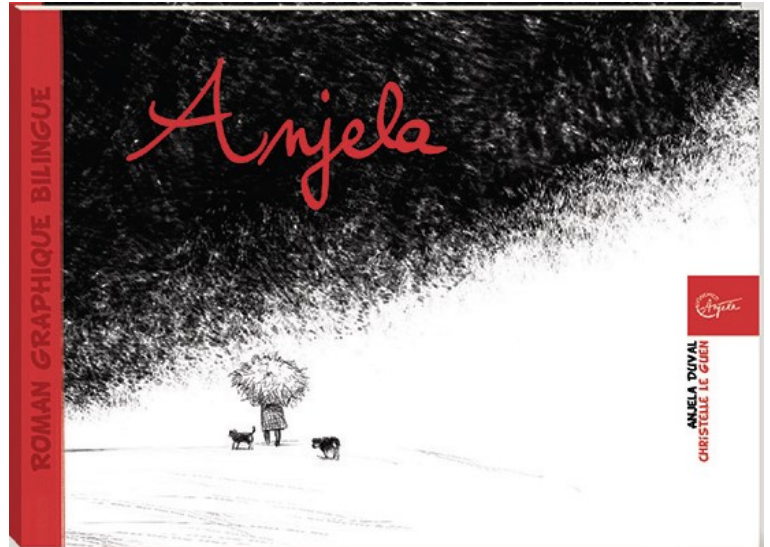

Christelle Le Guen, the graphic artist behind « ANJELA », gives life to a crisp, poetic moving tribute to Anjela's expression with a sharp, sensitive, witty, humorous style.

You can help Mignoned Anjela finance this great project and produce "ANJELA".
